DUBAI-BASED MORE CAfé, opened their second outlet in Oman, at 'The Walk' in Wave Muscat on Thursday. With communal and hanging tables, art displays, open spaces, use of the signature purple hue and a friendly team, More Café exudes a warm and welcoming ambience for customers from all walks of life.

The concept is the brainchild of a Dutch partnership whose combined experiences expand more than 60 years of international exposure within a multi-faceted range of differ-

ent hospitality environments. This gives More Cafe its appeal and identity.

Ajit Singh, group general manager of Asha Enterprises, said More Cafe's commitment to the highest standards of quality and its distinctive food and surroundings gives it an advantage in Muscat's highly competitive casual dining market.

"The restaurant offers patrons a relaxed environment where they can enjoy menu choices from an extensive selection of modern and international dishes, served in a way that is uniquely More," he added.

The new outlet opened at 'The Walk' in Wave.

The new outlet has both indoor and outdoor seating with impressive views of 'The Walk' and its beautiful surroundings, and is a perfect

complement to the Wave community.

"The More Cafe philosophy is very family centric, which ensures that we treat

our team members and customers as part of the family," says Marijke Lap, managing partner of More café.

"Our vision was to create a visually stimulating space where individuals and families could come together to participate in initiatives which would support and build the community, while enjoying excellent food. Since opening its first café in Muscat at the Opera Galleria, the brand has developed a loyal fan following and we are sure that the outlet at 'The Walk' in Wave Muscat will be equally popular amongst the local community," he added.
